WORK EXPERIENCE

UX/UI DESIGNER

SINCE 08.2021

POLYAS (Online Voting Products, B2B SaaS & Service Model)

- Led **UX and UI design across six digital products**, from user research and interaction design to high-fidelity interfaces, prototyping, accessibility, and implementation.
- Translated **user research** into intuitive **user journeys, user flows, and accessible interfaces** that balanced user needs with technical constraints.
- Designed and validated user experiences through **interviews, usability testing, prototypes**, and iterative improvements.
- Reduced login support requests by 90%, reduced onboarding drop-off by 10%, improved accessibility, improved user satisfaction with POLYAS Configurator by 46%

PROJECT MANAGER

2018-2021

POLYAS

- Led **process and project management** for online elections – successfully delivered **82 client projects** and optimized internal workflows.
- Managed large-scale, politically significant elections following **PRINCE2** standards – ensured adherence to timelines, quality requirements, and budgets.

PROJECT MANAGEMENT ASSISTANT

2015-2018

Frankfurt School of Finance & Management, German Bundestag, European University Viadrina, Institute for European Politics

- Supported the **planning, organization, and coordination** of projects.
- Assisted project managers with documentation, scheduling, and stakeholder communication.
